TECHNICAL INFORMATION

Gumming Solution

Plate Gum

Characteristics:-

Gum Arabic is a universal gum solution suitable for all pre-press and on the press gumming applications.

Application:-

Can be applied either manually or with the developer machine. it gives both short and long term protection. Can be diluted with water in ratio 1:1 up to 1:3 depending on preferences and usage.

Features:-

- Suitable for all types of plates.
- No blinding.
- Low viscosity.
- Excellent for long storage.
- Protected against algae contamination.

Recommendations:-

Apply the product with a sponge to the surface of the plate to form a closed protective layer.

Follow indications given in the Health and Safety Data Sheet.
